INSURANCE MEN COMING

We are informed that a committee of insurance men composed of E. B. Lilly, C. J. Wykoff, W. H. Schlobach, A. G. O'neil, Jas. E. Sharpe, Ellis F. Porter, W. H. McClain, J. J. Dillingham, E. E. Olinger and C. D. Rushmore will be in Anadarko April 29 for the purpose of inspecting the fire risk of the town. This is important that the risks here show up in good shape and we would suggest that all rubbish in and about the premises be cleared up so these gentlemen will be in a position to make a good report on Anadarko. Get busy and let's see how clean we can have everything looking tomorrow and see if we cannot get our risks graded among the best in the state.

WASHINGTON NEWS LETTER

The display of flowers, jewels and clothes at the twenty-third annual congress of the D. A. R. holding its sessions in Washington this week represents something into the hundred of thousands of dollars every day. The President General of the society, Mrs. William Cumming Story, never wears anything but lavender, heliotropes or purple. She appears in a different costume every day and every evening, always in some tint of those shades varying from the palest to the deepest. The daisy is her emblem. Her friends and constituents wear a silver pin, the perfect reproduction of a daisy in filigree work, as an evitable article of adornment. She always wears a daisy or daisies somewhere about her gown. In her choicest bouquets of orchids, garendias and lillies of the valley such as she always has on specially important days, the gift of her adoring husband, a daisy may invariably be found tucked away in the midst of it.

Kalium Mineral Water is the most successful remedy known for stomach trouble, and very few cases but what we can put a guarantee on it curing. It stimulates all the organs to healthy action. It is nature's remedy. E. F. Davis.

A BIG SUCCESS

The first night of Booster week opened with the Broadway Theatre packed to its capacity with an audience who enjoyed the program to the limit.

After three splendid reels of pictures one of which featured the popular Alkali Ike. The sixty slides of Anadarko were shown. The snap shots seemed to have been caught on a windy day judging from the expressions and positions.

The children were presented with souvenirs when their pictures were displayed on the curtain and in the drawing a number of nice premiums were awarded.

The boys contest produced roars of laughter. It was a race to see which of five boys could don an outfit of ladies wearing apparel quickest.

There will be an entire change of program each night both pictures and contests and many useful premiums will be awarded during the week.
